📄 About Me

🎓 I'm currently pursuing a BSCS degree at SZABIST, Clifton, Karachi.

💻 I have experience building websites like blogs, product-based sites, and e-commerce platforms. 🚀 I'm currently learning MERN Stack Development and aiming to start my career as a job-ready MERN Stack Developer soon. ★ Eager to grow professionally in a software house or company to polish my skills and contribute effectively.

⚡ **Fun fact:** My CSS skills are almost as organized as my workspace (almost).

Hi I am

Muhammad Zunoon Ali

I am Web Developer

I'm a passionate front-end developer based in Karachi, specializing in HTML, CSS, JavaScript, and Bootstrap. I enjoy building sleek and responsive websites that deliver excellent user experiences. Currently, I'm studying Computer Science and continuously improving my skills to create modern and dynamic web solutions.

Hi, I'm **Muhammad Zunoon Ali**, a front-end developer based in Karachi with a strong foundation in web development and design.

I specialize in crafting responsive, user-centric websites using **HTML**, **CSS**, **JavaScript**, and **Bootstrap**, with a keen eye for detail and aesthetics.

My academic journey began at **The Citizen Foundation (TCF)**, where I completed my matriculation with an **A grade (77%)**, focusing on Computer Science. I then pursued my intermediate education at **TCF College Qayyumabad**, earning a **B grade (69%)**, with a specialization in **Pre-Engineering**. Currently, I am enrolled in the **BSCS** program at **SZABIST University**, where I continue to develop my skills in **software development and web technologies**.

Professionally, I completed a one-month internship as a **Laravel developer** at **Fossphorus Software House**, gaining hands-on experience in backend development and learning to collaborate effectively in a team environment.

Outside of academics and work, I am passionate about building innovative web solutions, experimenting with new design trends, and enhancing user experiences. My habits include continuous learning through tutorials and blogs, staying updated with the latest web technologies, and refining my coding and design skills.

I take pride in my attention to detail, problem-solving skills, and ability to balance functionality with visual

My Services

"Turning ideas into reality with seamless web development and design."

Single Page Websites

I create single-page websites that are clean, fast, and visually appealing, ideal for businesses or portfolios.

Multiple Page Websites

Whether it's a blog, business website, or an e-commerce platform, I can help you build a multi-page website that suits your needs.

PSD to Website

Transform your PSD files into fully responsive websites. I'll make sure the design stays intact while ensuring optimal functionality.

Image to Website

Have a design in an image format? I can convert your image mockups into functional web pages with smooth transitions and user-friendly design.

Custom Web Solutions

If you need something unique, I offer custom web solutions tailored to your needs. Whether it's a special feature or animation, I've got you covered.

Responsive Design

All the websites I build are responsive and optimized for mobile, tablet, and desktop viewing, ensuring a seamless experience on any device.
